**JUST GOT THE
UTILITY BILL**

Many smart homeowners no longer dread receiving their monthly bills. That's because they made the switch to WaterFurnace geothermal heating and cooling technology. Many geothermal system owners see savings of up to 70% on their utility bills compared to ordinary furnaces and air conditioners. And with the volatile costs of natural gas and propane, it's a smart decision now and for years to come. So relax, and take control of those utility bills. For more information, contact Gravenhurst Plumbing.
